

## **Description of supplementary materials for ThinVR IEEE VR 2020 TVCG paper:**

Holders\_for\_displays\_and\_optics.STEP

- CAD file of the physical holders that mount both the curved optics and the curved displays.
- We used a 3D printer to create these objects to build our prototypes.

Holders\_for\_displays\_and\_optics.JPG

- Image showing what the holders look like

Photo\_fullres\_Barbershop.JPG

- Full resolution captured image of the Barbershop scene shown in Figure 1 of the paper

Photo\_fullres\_LAscene.JPG

- Full resolution captured image of the LA scene, shown in Figures 13 and 14 in the paper.
